Why we collect and use your information:

Gloucestershire County Council is the data controller for the personal information we collect for you. The council will collect and use your personal information in order to advertise your needs and requirements to recruit a suitable carer, in accordance with our statutory duties under the Care Act 2014. We will also collate your responses to our survey for statistical purposes to assess the success of the site and gain intelligence regarding the adult social care workforce as part of our public task.

The information we collect from you:

Gloucestershire County Council will collect only the personal information we need to perform our functions. We will collect your name, and contact details as well as some information regarding previous recruitment of personal assistants and how you were made aware of our website.

How we will use the information about you:

We will use your information for the purpose of providing you with a platform in order to recruit a suitable personal assistant. We may also use your information in anonymised form for statistical purposes or to review and improve our services. We may also use contact details to send out our survey to assess the functionality of the website along with other employment data.

How long we will keep your information for:

In most cases, we will keep your information for 6 months after the recruitment process has ended. This means that if you have not responded during this time to confirm you have successfully recruited we will be duty bound to delete your details. If you are still seeking a personal assistant and it has surpassed the 6 month period you will need to re-submit a new profile to be moderated. We will not store the information for longer than this period, under the GDPR guidelines, unless there is a legal reason for us to keep it longer, such as if legislation requires us to.

We will keep your survey responses in their raw form for the purposes of gathering information to perform yearly analysis. Once this information has been collated the raw data will be deleted and the information will be stored in a statistical format and not reflect individual responses.

Who we share information with:

Your personal information may be shared with internal departments, and delivery partners of Gloucestershire County Council. We will not share your information with any third parties other than when required to by law, for example when:

- We believe there is a risk of serious harm to you or someone else
- We are required to by the Courts
- The police want information related to a serious criminal investigation

Your personal information may also be shared with regulatory and statutory bodies who assess council performance and financial spend.
